In school Barriers to Future Attainment (for pupils eligible for PP)					
Non-disadvantaged pupils have higher starting points in the Baseline Reception Assessments; the gap is wide on entry and whilst PP Pupils at MRA achieve as well as or better than pupils nationally, there is still a in school gap.					
Non-disadvantaged pupils at MRA often have highly aspirational parents who are motivated to support their children's learning. For a number of reasons our PP pupils may not have access to the same levels of support outside school.					
Many of our disadvantaged pupils come from low-income families who are not able to provide the access to opportunities our non-disadvantaged pupils are accessing outside our academy.					
External Barriers					
Higher level of need for external agency support and or intervention needed among our disadvantaged pupils					
Desired Outcomes			Success Criteria		
To further reduce gap between disadvantaged pupils and others.			Data will show gaps continuing to narrow		

To raise aspirations for disadvantaged pupils	Parent and Pupil Voice to demonstrate higher aspirations.
	High levels of participation in enrichment activities and additional provision.
To increase the number of disadvantaged pupils attaining at higher levels	Data will show increased % attaining above statutory measures.
