## Gender Pay Gap Report

## The Mossbourne Federation

## Gender Pay Gap As At 31 March 2022

In the 2021/22 financial year, the Mossbourne Federation employed a total of 441 staff made up of 296 women and 145 men. During this period, the mean gender pay gap between men and women was measured as $13.4 \%$.

The Federation pays staff equally for the roles they undertake irrespective of gender. The pay gap reported is due to staff demographic which shows a predominance of women in lower paid posts.

## Understanding the figures

As at the snapshot date, $67 \%$ of the workforce were female and though the female group dominates every quartile, the higher proportion of females in the lower quartile, also have the effect of bringing down the average pay of the female group.
